

PETROVIETNAM POWER NHON TRACH 2 JOINT STOCK COMPANY

No.: 08/CPNT2-BC-HĐQT

**THE SOCIALIST REPUBLIC OF VIETNAM
Independence - Freedom - Happiness**

Dong Nai, March 02 2026

**REPORT ON
THE RESULTS OF THE IMPLEMENTATION OF THE 2025 PLAN &
ORIENTATION AND TASKS FOR 2026 OF THE BOARD OF DIRECTORS**

**To: Shareholders
PetroVietnam Power Nhon Trach 2 Joint Stock Company**

In 2025, in addition to the difficulties carried over from the previous year, PetroVietnam Power Nhon Trach 2 Joint Stock Company, as well as other entities in the power generation sector, continued to face numerous adverse factors directly affecting its production and business activities, including ongoing armed conflicts, volatile and unpredictable global economic conditions, and extreme and unusual weather patterns during the year. However, power generation operations in 2025 also experienced more favorable conditions compared to the previous year: the generating units of Nhon Trach 2 Power Plant were regularly dispatched by NSMO; contracted electricity output (Qc) was allocated at higher levels than the previous year and on a six-month cycle instead of monthly allocations as in prior years, thereby contributing to improved generation efficiency. In addition, the Company effectively managed capital utilization and receivables collection. As a result, although the power output of Nhon Trach 2 Power Plant in 2025 reached only 90% of the annual plan, both profit before tax and profit after tax significantly exceeded the targets set for the year.

Based on the operational results of the Board of Directors (BOD) and PetroVietnam Power Nhon Trach 2 Joint Stock Company (PVPower NT2), the BOD respectfully reports on the implementation of the 2025 production and business plan and outlines the orientation and tasks for 2026 as follows:

I. SITUATION & RESULTS OF THE IMPLEMENTATION OF THE 2025 PLAN

1. Performance of the Board of Directors:

1.1 Relations with shareholders:

The Board of Directors (BOD) of PVPower NT2 performed its functions, rights, and duties in compliance with the Company’s Charter and applicable regulations. The activities of the BOD closely followed the objectives and tasks assigned by the General Meeting of Shareholders (GMS) in order to direct the Company’s operations toward achieving the best possible results, for the overall benefit of the Company and its shareholders.

- The organization of the Annual General Meeting of Shareholders (AGM) was carried out in compliance with prevailing regulations. On 26 February 2025, the BOD issued Resolution No. 02/NQ-CPNT2 convening the 2025 AGM, which was expected to be held on 24 April 2025. However, to ensure sufficient time to finalize the documents to be submitted to the GMS, on 08 April 2025 the BOD issued Resolution No. 04/NQ-CPNT2 adjusting the plan for organizing the 2025 AGM.

- On 28 May 2025, the Company successfully held the 2025 AGM in accordance with regulations, with the attendance of shareholders and authorized representatives holding 242.8 million shares, representing 84.3% of the total voting shares.

- The 2025 AGM of PVPower NT2 discussed and approved matters within its authority, including: salaries, bonuses, remuneration/allowances for members of the BOD and operating expenses of the BOD; the 2025 production and business plan; the 2024 profit distribution plan and the 2025 profit distribution plan; the audited financial statements for 2024 and the list of audit firms for selection to audit the 2025 financial statements; the addition of registered business lines and the amendment and supplementation of the Company's Charter (relating to apartment leasing and the operation of public facilities of the Company's housing complex).

- Fully implementing corporate governance reporting and information disclosure in both Vietnamese and English in accordance with applicable regulations

- Providing timely and transparent information to shareholders regarding the Company's operations and production and business activities on the Company's website in compliance with regulations.

1.2 Composition of the Board of Directors:

Currently, the structure and composition of the Board of Directors consist of four (04) members as follows:

- (1) Mr. Uong Ngoc Hai – Chairman
- (2) Mr. Ngo Duc Nhan – Member – Director
- (3) Mr. Luong Ngoc Anh – Member
- (4) Ms. Phan Thi Thuy Lan – Independent Member

The Independent Member of the Board of Directors will complete her term for the 2021–2026 period. Therefore, at the 2026 Annual General Meeting of Shareholders, PVPower NT2 will elect one (01) additional Independent Member of the Board of Directors for the new term.

1.3 Activities of the Board of Directors:

- The BOD operates on the principle of collective decision-making. Resolutions and decisions within its authority are issued based on the majority consensus of its Members. The BOD conducts its activities in compliance with the Regulations on the Operation of the Board of Directors and the Internal Regulations on Corporate Governance as approved

by the General Meeting of Shareholders (GMS).

- The BOD holds regular meetings in accordance with regulations. In 2025, the BOD convened four (04) regular meetings and conducted written consultations on matters within its authority based on proposals submitted by the Company in a timely and compliant manner, thereby facilitating the effective implementation of the BOD's Resolutions/Decisions into the Company's production and business activities and providing a sound basis for the Executive Management to fulfill its operational duties.

- The issuance of resolutions, decisions, regulations, and internal rules by the BOD was carried out in accordance with proper procedures and authority. In 2025, the BOD issued 13 Resolutions and 56 Decisions (the list of Resolutions and Decisions is attached).

Key directives and decisions of the Board of Directors in 2025 are as follows:

- Gas Purchase and Power Purchase Agreements:

* Under the close direction of the BOD and the determined implementation efforts of the Executive Management, the Company worked to resolve outstanding issues relating to the gas take-or-pay provisions of the Gas Purchase Agreement (GPA) for Nhon Trach 2 Power Plant with PetroVietnam Gas Joint Stock Corporation (PV Gas). On 27 February 2025, PVPower NT2 and PV Gas signed Appendix No. 12 to Gas Purchase Agreement No. 44/2010/PVGas/KTTT-PVPowerNT2/B4 regarding the settlement of prepaid gas payments for 2023 and the adjustment of take-or-pay provisions for 2024, 2025 and subsequent years.

* Pursuant to the BOD's direction under Decision No. 51/QĐ-CPNT2 dated 02 December 2025, PVPower NT2 and Electricity Power Trading Company (EPTC) signed Amendment and Supplement No. 17 to the Power Purchase Agreement No. 07/2012/HĐ-NMĐ-NT2 for Nhon Trach 2 Power Plant concerning the settlement of Forest Environmental Service fees from 01 January 2019. The Company is currently implementing the settlement in accordance with regulations.

The completion of the above two appendices to the Gas Purchase Agreement and the Power Purchase Agreement represents a breakthrough achievement of the Company in 2025, contributing positively to improving production and business efficiency in 2025 and subsequent years.

- Maintenance and Repair of Nhon Trach 2 Power Plant:

* Approval of Amendment Appendix No. 01 to the Long-Term Maintenance Agreement No. 66/SE-NT2/2023/LTMA signed with the Siemens Contractor Consortium.

* Review and approval of procurement for materials and equipment serving routine and extraordinary maintenance and repair of Nhon Trach 2 Power Plant in accordance with authority and compliance procedures.

- * Direction and supervision of the Company's minor overhaul at 111,000 EOH from 31 August 2025. The 2025 minor overhaul was completed on 11 September 2025, two (02) days ahead of schedule, ensuring absolute safety, efficiency, and quality.
- Insurance of Nhon Trach 2 Power Plant:

To continue maintaining insurance coverage to safeguard the Company's interests in case of losses and to comply with regulations on compulsory fire and explosion insurance amid rising insurance premiums in the market, the BOD approved the extension of Insurance Contract No. 24/NT2.TM.TTĐ-PVI/2021/BH for Nhon Trach 2 Power Plant for an additional 12 months, until 02 November 2026, with a premium reduction of VND 287 million compared to the previous contract value.
- Financial Management:
 - * Directing financial management in compliance with the Company's Financial Management Regulations and Cash Management Regulations.
 - * Directing the Company to appropriately balance cash flows to ensure sufficient funding for production and business activities and dividend payments. In 2025, the Company made two (02) dividend payments to shareholders with a total amount of approximately VND 432 billion:
 - + Completion of the remaining 8% dividend for 2023, equivalent to VND 230.3 billion, from 12 February 2025.
 - + Payment of dividends from accumulated undistributed after-tax profits at a rate of 7% of par value, equivalent to VND 201.5 billion, from 31 October 2025.
 - * Directing the contractor selection process to approve the service provider for the semi-annual financial statement review and the audit of the 2025 annual financial statements in accordance with regulations.
- Corporate Governance:
 - * To implement internal audit activities in compliance with prevailing corporate governance regulations, in 2025 the BOD approved and issued the Internal Audit Procedure and the 2025 Internal Audit Plan in accordance with regulations. Internal audit activities were carried out in compliance with the approved procedures and plan.
 - * The BOD approved and issued new, as well as amended and supplemented, internal regulations to ensure compliance with prevailing regulations, including: Salary Regulations; Contractor Selection Regulations; Internal Spending Regulations; Fire Prevention, Firefighting and Rescue Regulations; Regulations on Cybersecurity and Information System Security for production and business operations; and Regulations on Cybersecurity and Security of the Industrial Control System (DCS SPPA-T3000).

- * Directed the amendment and supplementation of the Company's Charter pursuant to the GMS Resolution and carried out necessary procedures to add business lines (relating to apartment leasing and operation of public facilities of the Company's housing complex) to the Company's Enterprise Registration Certificate in compliance with the Company's Charter and applicable laws. Accordingly, to optimize the utilization of the Company's housing complex and avoid waste, the BOD approved allowing the Company to lease apartments and other areas of the housing complex and authorized the Director to determine rental rates appropriate to actual conditions.
- * Corporate governance reports and periodic and ad-hoc information disclosures were fully and timely implemented in both Vietnamese and English in accordance with prevailing regulations.

1.4 Activities of individual Members of the Board of Directors:

- Members of the Board of Directors were assigned to oversee specific professional areas in order to leverage their respective strengths, enhance close supervision, and provide timely support in directing and managing the Company's production and business activities, thereby promoting operational efficiency and ensuring that all production and business activities complied with prevailing regulations.

- Members fully attended regular meetings of the BOD, carefully reviewed, provided opinions on, and voted on matters within the authority of the BOD in a timely and responsible manner.

- Each Member of the BOD fulfilled their role and responsibilities and satisfactorily completed the assigned duties within the respective areas of expertise, as follows:

(1) Mr. Uong Ngoc Hai – Chairman of the Board of Directors

- Overall responsibility for the operation of the BOD; organizing the assignment of duties to Members.
- Supervising and directing the Company in implementing Resolutions/Decisions of the GMS/BOD.
- In charge of, inspecting, supervising, and directing the following areas:
 - * Capital management and preservation in accordance with the Company's

Financial Regulations

- * Finance and accounting; issuance of shares and bonds
- * Development of the corporate governance system; enterprise innovation and restructuring
- * Organizing, monitoring, supervising, and directing the issuance and amendment of strategies, regulations, internal rules, and general policies of the Company
- * Corporate strategy, orientation and long-term development; annual production and business plans; investment and development activities

- * Organization, personnel and training; policies and benefits for employees
- * Bidding, procurement, and management of assets, materials, equipment, and services
- * International cooperation and external relations; information and communications

(2) Mr. Ngo Duc Nhan – Member of the BOD, Director

- Proactively managing and operating the Company in accordance with the Charter and prevailing regulations.
- Directing power generation activities and the operation, repair, and maintenance of the power plant.
- Responsible for capital management and preservation in accordance with the Company's Financial Regulations.
- Implementing financial and accounting activities within his authority; debt recovery.
- Organizing the implementation of Resolutions/Decisions and directives issued by the BOD.
- Approving procedures and work contents related to the procurement of tools, materials, equipment, and services serving production and business activities in accordance with the annual plan approved by the GMS/BOD, within delegated authority.
- Directing technical and technological activities; occupational safety, health and environment; training and enhancement of professional skills and plant operation capacity.

(3) Mr. Luong Ngoc Anh – Concurrent Member of the BOD

- In charge of inspecting and supervising the following areas:
 - * Deposit interest rates and exchange rates for foreign currency purchases
 - * Investment and development activities; long-term development orientation of the Company
 - * Training and human resource development orientation for sustainable growth
- Overseeing social welfare activities and power plant insurance.

(4) Ms. Phan Thi Thuy Lan – Independent Member of the BOD

- Performing the functions, duties, and rights of an Independent Member of the BOD in accordance with regulations.
- In charge of inspecting and supervising the following areas:
 - * Legal affairs
 - * Internal audit

- * Risk management

2. Supervision of the Executive Management:

The Board of Directors performed its duty of directing and supervising the activities of the Company's Executive Management in accordance with its assigned functions and authority. Such supervision was carried out regularly and in a timely manner through briefings, meetings with functional departments, and the Company's reporting and submission system, thereby ensuring that all production and business activities were aligned with the objectives and plans approved by the General Meeting of Shareholders (GMS), while fully complying with prevailing regulations.

Members of the Executive Management were responsible for overseeing and proactively directing specialized departments in implementing assigned tasks in accordance with the delegation of duties by the Director, ensuring suitability with each member's leadership capacity and the Company's actual production and business conditions.

2.1 Performance Results:

- Operation, Maintenance and Repair of Nhon Trach 2 Power Plant:
 - * The Company operated Nhon Trach 2 Power Plant efficiently and safely within the competitive power generation market.
 - * Routine and periodic maintenance and repair of Nhon Trach 2 Power Plant were closely monitored and effectively implemented.
 - * The minor overhaul at 111,000 EOH was carried out ensuring quality and efficiency, and completed two (02) days ahead of schedule.
- Commercial and Contract Management:
 - * The Company's commercial and contract management activities achieved positive results through successful negotiations with relevant parties to complete the signing of amendment appendices to the Power Purchase Agreement and the Gas Purchase Agreement, thereby enhancing production and business efficiency.
 - * Regarding the maintenance and repair contracts of Nhon Trach 2 Power Plant with Siemens and PVPS, the Company closely monitored and managed contract implementation and coordinated effectively with contractors to ensure continuous, safe, and efficient plant operation.
- Contractor Selection and Procurement of Goods:
 - * The Executive Management directed the Company to implement procedures and related activities for the procurement of materials, equipment, and services serving plant operation, maintenance, and repair in accordance with the procurement plan approved by the BOD.

- * The organization of contractor selection for bidding packages was carried out in compliance with delegated authority, the Company's Contractor Selection Regulations, and applicable laws.
- Finance and Accounting:
 - * The Executive Management managed and utilized capital in accordance with regulations approved by the BOD, ensuring capital safety and growth; short-term financial investments were effectively implemented, contributing to increased financial income and business profitability.
 - * Reporting on capital management was performed fully and in strict compliance with regulations.
 - * Debt collection was effectively carried out, ensuring balanced cash flow for production and business activities and dividend payments to shareholders.
- Occupational safety, health, environment, and fire prevention and firefighting were consistently prioritized and regularly monitored to ensure compliance with procedures and regulations, thereby minimizing risks and incidents.
 - The Company also paid close attention to scientific and technological activities and technical innovation initiatives applied in practice to reduce costs and improve production and business efficiency.
 - Cost-saving and anti-waste practices were seriously and actively implemented.

2.2 Implementation Results of 2025 Planned Targets:

- Electricity output: 3,117.5 million kWh; achieving 90% of the plan.
- Total revenue: VND 8,133 billion; achieving 99% of the plan.
- Total expenses: VND 6,865 billion; achieving 87% of the plan.
- Profit before tax: VND 1,268 billion; achieving 409% of the plan.
- Profit after tax: VND 1,130 billion; achieving 405% of the plan.

3. Report on Related Party Transactions:

- Transactions between PVPower NT2 and Members of the BOD and their related persons: None.
- Transactions between PVPower NT2 and companies in which a Member of the BOD was a founding shareholder or an enterprise manager within the three (03) most recent years prior to the transaction date: None.

4. Overall Assessment:

Compared to 2024, which may be considered the most challenging year the Company has faced since Nhon Trach 2 Power Plant commenced commercial operation in 2011, 2025 marked the year in which the Company achieved the best production and business results relative to its plan in recent years.

In addition to certain favorable factors in plant operation as mentioned above, the proactive implementation of an appropriate bidding strategy in the electricity market with profit-optimized operations, flexible solutions in plant operation, effective capital management and utilization through financial activities, and strong efforts in debt recovery and settlement of receivables under the Power Purchase Agreement all contributed to improving electricity output, revenue, and profit indicators.

The Company successfully fulfilled its 2025 production and business plan with optimal results, achieving highly impressive profit figures that significantly exceeded (405%) the approved annual plan. The BOD highly appreciates and acknowledges the efforts and contributions of the Management and all employees in ensuring stable, safe, and efficient plant operation and production and business activities.

II. ORIENTATION AND KEY TASKS FOR 2026

Based on the 2026 plan, the Board of Directors sets out the following orientations and key tasks for 2026:

- Directing the safe, stable, and continuous operation of the power plant.
- Directing the Company to actively coordinate and negotiate with relevant parties to maximize contracted electricity output (Qc) in order to ensure and enhance production and business efficiency.
- Approving in detail and supervising the implementation of the 2026 production and business plan as approved by the General Meeting of Shareholders, striving to achieve the assigned targets.
- Directing the Company to implement procurement activities and related work in preparation for the major overhaul of Nhon Trach 2 Power Plant at 133k EOH.
- Reviewing and approving, within its authority, procurement packages for materials serving the 133k EOH major overhaul of Nhon Trach 2 Power Plant.
- Directing the Company to actively coordinate with EVN/EPTC in recovering exchange rate differences for the period 2019–2021 and forest environmental service fees for the period 2019–2024 as acknowledged by the relevant parties.
- Directing the Company to manage and utilize capital and assets safely, efficiently, and for proper purposes to optimize production and business performance.
- Directing the Company to review, amend, and supplement internal regulations and rules based on updates to applicable laws related to the Company's production and business activities.
- Directing the Company to study, identify, and consider investment and development opportunities.
- Implementing cost-saving measures and optimizing management expenses.
- Continuing to research and apply technical and technological solutions to improve power generation efficiency.

III. SALARY, BONUSES, REMUNERATION/ALLOWANCES & OPERATING EXPENSES OF THE BOARD OF DIRECTORS:

1. Salary, remuneration/allowances:

Salaries, bonuses, remuneration/allowances, and other benefits of Members of the BOD were approved by the General Meeting of Shareholders (GMS) and paid by the Company in accordance with the Salary Regulations, the Company's production and business performance, and prevailing regulations.

1.1 1.1 Salary and remuneration/allowances in 2025:

Income and remuneration/allowances of each Member of the BOD in 2025 are detailed in Section 32 – Transactions and balances with related parties in the Notes to the audited 2025 Financial Statements (Page 27).

1.2 Adjustment of remuneration/allowances for BOD Members:

The current remuneration/allowance paid to concurrent Members of the BOD of PVPower NT2 has been applied since 2020.

To align with actual conditions and comply with prevailing regulations, and based on the Company's production and business results in recent years, the BOD proposes that the GMS approve the adjustment of remuneration/allowances for concurrent Members of the BOD as follows:

- Adjusting remuneration/allowance for concurrent BOD Members from VND 8,000,000 to VND 12,000,000 per person per month;
- Effective time: From January 01st, 2026.

1.3 Salary and remuneration/allowances plan for 2026:

- * The salary of full-time BOD Members is included in the salary fund under 2026 production and business expenses approved by the GMS and shall comply with legal regulations on salaries and bonuses. The salary level of full-time BOD Members shall be implemented in accordance with the Salary Regulations and the Company's production and business performance.
- * Remuneration/allowance for concurrent BOD Members: VND 12,000,000 per person per month.

2. Operating expenses of the BOD:

- Expenses serving the operation of the BOD are implemented in accordance with the Company's Financial Management Regulations, Internal Spending Regulations, and applicable laws.

- Operating expenses of the BOD in 2025 amounted to VND 164 million, as presented in Section 32 – Transactions and balances with related parties in the Notes to the audited 2025 Financial Statements (Page 28).

The above constitutes the Report on the implementation results for 2025;

orientations and tasks for 2026; and the Salary, bonuses, remuneration/allowances and operating expenses of the Board of Directors.

The BOD respectfully submits to the General Meeting of Shareholders for approval.

**ON BEHALF OF THE
BOARD OF DIRECTORS
CHAIRMAN**
